County Conservation Partners Host Local Work Group Meeting

When: January 21, 2020

Time: 2:30pm

Location: 186 Henry Barber Way RM 7, Port Lavaca, TX

Port Lavaca, Texas, January 21, 2020—The USDA Natural Resources Conservation Service (NRCS) in Texas' Calhoun County and the Calhoun Soil and Water Conservation District cordially invite the public to attend their FY19 Local Working Group (LWG) meeting January 21, 2020, at 2:30pm.

The purpose of this annual LWG meeting is to set local conservation priorities and bring conservation stakeholders together to discuss conservation topics and issues relevant to helping Calhoun County farmers and ranchers better conserve on-farm natural resources.

The agenda of the meeting is to update attendees on recent conservation efforts and to collect public input to help guide future conservation activities. Through regular identification of conservation opportunities, effective Farm Bill investment can continue to benefit Calhoun County. Farmers, ranchers, conservationists, and others interested in obtaining Federal technical and financial assistance to improve private land in Calhoun County are invited to participate.

For more information, please contact Hunter Hamilton, District conservationist, at (361) 552-2969 Ext-108. For more information, visit the NRCS Web site at <http://www.tx.nrcs.usda.gov/>.
